

2017 NY Farm Bureau Foundation for Agricultural Education's Live Auction at SAM

Here is a sneak peak of some of the auction items. (These items are subject to change.)

If you are not going to be present, you can submit your bid or appoint a representative!

1. A \$1,000 certificate from DuPont Pioneer for corn, soybeans, and forage inoculant. You can do your seed shopping for next year's crop! Great products that will fund education!

2. A local, hand-made Amish Rocker donated by Mike Settle.

3. A hand-made, one of a kind "farm implement" end table standing 24" tall and 20" across, created by Jay Douglas. Check out the raw pieces Jay chose to work with for this piece. I am sure there is a story behind each one. This unique table will compliment every décor.

4. Plus, an opportunity to sample the "Blue Apron", who wants to change the system, by partnering with farmers to raise the highest-quality ingredients, by creating a distribution system that delivers ingredients at a better value and by investing in the things that matter most—our environment and our communities. This will be a decades-long effort, but with each Blue Apron home chef, together we can build a better food system. You receive a wonderful recipe and a box of all the fresh ingredients needed to prepare the meal, no shopping, no list, just read and cook and create your masterpiece. Enhance your culinary skills and your repertoire of fantastic menu items.
