## Ways to Get Involved

**Grassroots Policy Development**—Our members meet every year at the County and State levels to decide their legislative priorities. **All farmers have a voice in selecting the issues we advocate for.** Members work with staff throughout the year to make sure your voice is heard in the legislature.

**County Farm Bureaus**—Members have the opportunity to be active at the local level. County Farm Bureaus participate in county fairs, days on the farm and so much more!

**Young Farmers** — Members between 18 and 35 years old join together for social events, community activities, competitive events and leadership development opportunities.

**NYFB Foundation for Agricultural Education** — Members can get involved with the New York Farm Bureau Foundation for Agricultural Education to help inform and educate all New Yorkers about farming and where their food comes from.
