

Young Farmer and Rancher Discussion Meet Trainings Call Dates

The AFBF YF&R committee will once again host Zoom trainings to help competitors prepare for the state and national Discussion Meet (DM) competition. The trainings will cover the overall competition, preparation ideas and tips for success. There will be time for questions and answers at the end of each training. Three trainings will focus on the DM competition. The first call will again focus on the overall competition and have a past competitor and state coordinator to discuss their experience and tips for success. The other two trainings will focus on the five DM questions and will feature experts in the area of focus of the questions. Information on what questions will be discussed during which training will be forthcoming once experts have been confirmed.

Training dates, times and registration links are:
