2023 Proposed Resolutions

State - New

We believe that private property should be treated the same by zoning officials regardless of the commercial end use of the property.

Should the state recognize USDA's urban area maps for eligibility requirements for state urban agriculture programs?

National – Reaffirm

Milk in Schools – We support whole milk being promoted and advanced through the special milk program through the schools, welfare groups and the U.S. military.

National - New

Farm Bureau supports passage of the “Meat and Poultry Special Investigators Act” and its enforcement.

Farm Bureau supports the use of “Product of the U.S.A.” labeling only on beef that was born, raised and slaughtered in the U.S.

Any other resolutions brought from the floor will be accepted.

A photograph of two sunflowers in full bloom. The sunflowers have bright yellow petals and dark brown, textured centers. They are set against a clear, bright blue sky. The sunflower on the right is larger and more prominent than the one on the left. Green leaves and stems are visible at the base of the flowers.
